We do not have responsibility with missing file of this book.

In this era of increased knowledge the essence of religious phenomena eludes the psychologists, sociologists, linguists, and other specialists because they do not study it as religious. According to Mircea Eliade, they miss the one irreducible element in religious phenomenaâ€™the element of the sacred. Eliade abundantly demonstrates universal religious experience and shows how humanityâ€™s effort to live within a sacred sphere has manifested itself in myriad cultures from ancient to modern times; how certain beliefs, rituals, symbols, and myths have, with interesting variations, persisted.
